

**WARNING: To avoid serious personal injury:**

- Carefully and strictly follow assembly instructions. Improper assembly of furniture can result in structural failure, instability of the product, or tip-over.
- Monitor and carefully control the assembly components. These include small parts and hardware that may present a choking hazard to small children. Bob's furniture should be assembled only by responsible adults and children should not be involved in the assembly process.
- Where provided, wall mounting hardware should always be used as prescribed in these instructions to anchor furniture to walls. Proper use of the wall mounting hardware can significantly reduce the potential for furniture tip-over and crushing injuries.

**Step 01**

*Fix the parts (12) under the part (01) with the hardware (A).*

## Step 02

Connect the parts (02) and (03) onto the part (01) with the hardware (C) and the hardware (B).

## Step 03

Connect the part (04) onto the parts (02) and (03) using the hardware (C) and the hardware (D + E).  
Apply the hardware (L) on the hardware (E).

#### Step 04

*Connect the part (05) and the part (13) joining with the part (14) and the hardware (G).*

#### Step 05

*Connect the part (11) onto the part (06) with the hardware (F).*

## Step 06

Connect the parts (07), (08) and (09) with the hardware (B).  
Apply the part (10) in the groove of the parts (07) and (08) until the groove of the part (09).

## Step 07

Connect parts (07), (08) and (06) using the hardware (D + E).  
Apply hardware (L) on the hardware (E).

### Step 08

Use the hardware (I) with the hardware (F) as shown on detail.

### Step 09

Install the drawer fitting it into the slides fixed on the side of parts (02) and (03).

Step 10
