

# POPPA IN WICKER POA SET 1M

## **WARNING: To avoid serious personal injury:**

- Carefully and strictly follow assembly instructions. Improper assembly of furniture can result in structural failure, instability of the product, or tip-over.
- Monitor and carefully control the assembly components. These include small parts and hardware that may present a choking hazard to small children. Bob's furniture should be assembled only by responsible adults and children should not be involved in the assembly process.
- Where provided, wall mounting hardware should always be used as prescribed in these instructions to anchor furniture to wall. Proper use of the wall mounting hardware can significantly reduce the potential for furniture tip-over and crushing injuries.

A buddy is helpful for assembly.

## CARE AND MAINTENANCE

- Use a sponge to wash with a mild solution of soap and water. Rinse with water and allow to dry completely before use.
- Cushion cover cleaning: Remove the cushions from the cushion covers and set the cushions aside. Mix about 1 tablespoon of mild laundry detergent or dish wash in about two cups of warm water and stir until frothy. Dampen a sponge in this solution. Using the dampened and soapy sponge, gently clean the cushion fabric. For particularly tough dirt stains, try to dislodge with the soft-bristle brush, lightly soak in the soap solution. After cleaning the cushion covers, let them hang-dry for 1 hour.
- Glass cleaning: Clean the glass with a mild glass cleaner solution.
- Cover the furniture when not in use.

## IMPORTANT

- Regularly check all fastenings to make sure that they are properly tightened.
- Do not stand on the product or use it as a step ladder. Use proper supervision for children.
